Dear Mr Johnson,

Please find enclosed a copy of Châtenay-Malabry's laboratory report concerning sample "B" n° 995474!

The "B" sample analysis confirms the result of the "A" sample analysis!

T/E ratio is 11. Also, the presence of exogenous testosterone is confirmed!

*According to article 224 of the UCI Anti-Doping Rules rules: " When, following the results management process described in chapter VII, the Anti-Doping Commission makes an assertion that these Anti-Doping Rules have been violated, it shall notify the License-Holder's National Federation and request it to instigate disciplinary proceedings. It shall also send a*

*copy of the test analysis report and/or other documentation. A copy of the statement may be sent to the License-Holder and/or the License-Holder's club or team.*

*A copy of the statement is sent to WADA and to the License-Holder's National Anti-Doping Organization."*

Following the "B" sample analysis and the report issued by the laboratory, the UCI Anti-Doping Commission formally requests your Federation / USADA to instigate disciplinary proceedings in accordance with the UCI Anti-Doping Rules!

We are looking forward to hearing from you!

Yours sincerely,

Antidoping Services,

Christian Varin, Manager
